life

Life warming caused by plastic-like resources.

Warming caused by plastic life.

Plastic-like life causes warming in resources.

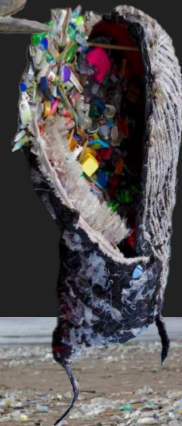

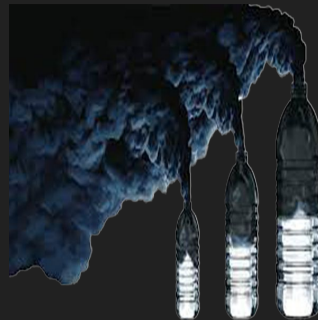

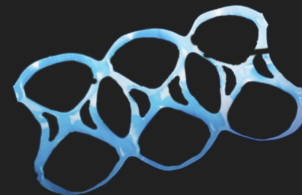

Resources like plastic cause warming in life.

Resources like plastic cause warming in life.

This is the sentence that I put together from the word list. I don't want to do both plastic pollution and global warming at the same time though...

- Oceans
 - Animals
 - Trash Islands
 - Trashed Beaches
 - Microplastics

Netart page 1

I want to acknowledge conservation efforts with the scuba diver but also imply that it's too late for most animals.

Netart page 2

I want to keep the pages simple so that it's not distracting; less work for me too lol. I want to focus on the melting ice caps in this one.

Netart page 3

I love the smokestack bottles so I'll add it here to reference global warming. This will make sense while paired with a scenic background.

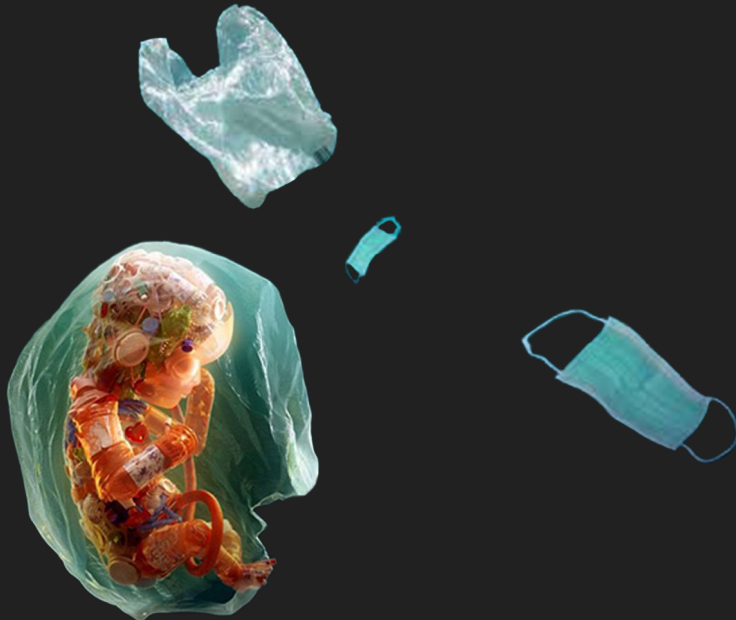

Netart page 4

I want to show how both people and animals suffer from trash being in thier water source and gain empathy from the viewer.

Netart page 5

I want to focus on the future effects of microplastics being in the ecosystem.
