Artist Statement

Doing this project was quite fun. Not only it was interesting to jumble a bunch of words from an article, but I got some better understanding on using Photoshop. I was able to have pictures in better positions with some editing to make it more appealing. I felt like I didn't do enough on my first project, but i feel extremely satisfied with how this turned out. This class has helped me learn about new things and I look forward to seeing what is in the future.
